Șprințar Sergiu Adrian

Software Developer · AI Systems Engineer · Witch Hunter

Software developer with experience spanning backend systems, databases, AI agent orchestration, and mentoring. Currently building GenAI-powered agentic systems in Python.

- Currently based in Arad, Romania

Email sprintar.sergiu@gmail.com

LinkedIn www.linkedin.com/in/sergiu-sprintar

I believe almost any problem can be solved if you invest enough time to truly understand it. My strongest skill isn't writing code, it's **systems thinking**. I connect the dots between components, unblock teammates, investigate the weird edge cases nobody wants to touch, and make sure the team has what it needs to ship.
I can mentor, research, collaborate - yes, occasionally write code too.
